

FAITH ACTION NETWORK

A Partnership for the Common Good

Faith Action Network is an interfaith, statewide partnership striving for a just, compassionate, and sustainable world through community building, education, and courageous public action.

As people of faith and conscience, we believe working for justice is part of our religious calling. Together we identify and give voice to the issues affecting our communities. FAN seeks to build a powerful network one faith community and one advocate at a time. We provide a persistent moral voice in the halls of power and outspoken public witness throughout the state of Washington.

With a growing network of advocating faith communities and several important legislative successes, the Faith Action Network seeks to strengthen its organizational capacity by expanding the number of people serving in volunteer roles. We invite you to consider helping with FAN events, serving on committees, and taking leadership roles in your legislative district or FAN cluster. In particular, we are looking for individuals who are excited about FAN's progressive agenda and interfaith vision, and who want to join a diverse and growing community of change agents.

If you are interested in volunteering to be part of the FAN team, please fill out this Volunteer Interest Form and return it to the FAN office by email or USPS. Feel free to pass the form on to anyone who you think might be a good fit for FAN's organizational needs.
