When we see our shared humanity, we strengthen our commitment to each other and to our democracy.

Join us at **Howard Amon Park** on **October 19th** at **6 PM** for peaceful, candlelight vigils led by faith leaders and medical professionals—our nation’s healers. Together, we will mourn COVID pandemic losses and reject efforts to use its cruel and disproportionate impacts to divide us.

In the spaces of our mourning as a nation lies the communion of our wholeness and health as a society.

How can I participate?

- Register and attend in-person, from your parked car or online!

- Our top priority is the health and safety of our community, including participants at the vigil. In response to the COVID-19 pandemic, we are holding events in accordance with all applicable federal, state and local guidelines and public health directives. **Be sure to wear masks and keep social distance.**
- Bring a camping or folding chair if you require seating.
- Dress yourself or your car in purple as a symbolic message of mourning.
- Share on social media and invite your friends!
