

FAITH ACTION NETWORK

A Partnership for the Common Good

Join a Network of 100% Voting Faith Communities

Why 100% Voting Communities?

There is so much at stake in this election! FAN wants to make sure those in our network are registered, voting, and communicating our mission and values with their elected leaders and candidates. We are encouraging faith communities to commit collectively to becoming a 100% Voting community. If you are a leader authorized to take action on behalf of your faith community, please sign below. If you are an individual willing to organize your faith community to participate, please sign on as an individual leader. Regardless of who wins the elections, engagement in the electoral process will help ensure that FAN's legislative priorities are considered on the city, county, state, and national level.

FAN is a 501(c)(3) nonprofit organization, and our civic engagement work is non-partisan. While we do not endorse candidates, faith communities can play critical roles in ensuring that their community members honor the sacred privilege of voting in a democracy. It is part of our shared mission to ensure that people are registered, encourage voting, meet with candidates, and equip people to advocate with candidates and elected leaders. In 2024, FAN is inviting faith communities to become **100% Voting Faith Communities!**

Once you sign up, FAN is committed to offering information, resources, and support to accomplish the goals you set for your community. This includes zoom check-in meetings once a month this summer to strategize together and encourage one another in this process.

*If your faith community would like to commit to becoming a 100% Voting Faith Community, please **fill out this Google form online** or fill in below and email the copy to fan@fanwa.org.*

Our community would like to be a 100% Voting Faith Community! We will work together to
(check one or more that apply):

- Develop a plan to make sure every eligible member in a faith community is registered to vote.
- Share FAN's resources about ways to vote through faith community sources such as community newsletters, bulletin inserts, educational gatherings, and bulletin boards.
- Promote the sacred privilege of voting through a time of worship.
- Learn about candidates by meeting them, asking them questions, attending or hosting candidate forums.

- Participate in community-wide efforts to register people and get people to vote.
- Engage those who are not eligible to vote to participate in civic life and encourage others to vote.
- Share information on the security and fairness of the election system in Washington State.
